referenceMN-M595 Group Code of Conduct

<u>This document needs to be completed and submitted via Turnitin as a group by 23rd February at 2 pm.</u>

This document will NOT be marked or reviewed but is designed to be kept as a record in case there are future group issues.

Each member of the group agrees to the following:

1. Attend all lectures and seminars
    a. Attendance can be checked to confirm this if any issues arise

2. Attend all relevant group meetings in person

3. Not to discriminate against anyone in line with the Equalities Act (2010). Examples include:
    a. Not undertaking any action of harassment or bullying.
    b. Not discriminating against other members of the university community based on protected characteristics.

4. If group members do not engage based on the elements listed below the remaining group members can leave non-engaging group member/s name & student number off any group submission.
    a. Attendance list for each meeting
    b. Do not complete any work they have previously agreed to, based on the meeting agendas, minutes, and agreed action.

5. Complete the Belbin team roles survey and include in the table below the names, student numbers, and Belbin team roles for all group members.

Name	**Student Number**	**Belbin Team Role**
Krishna Jinde	2378152	Plant (PL)
Abdul Mutaharr Siddiqui	2376910	Completer/Finisher (CF)
Joyston Micheal Souza	2379999	Monitor/Evaluator)ME)
Saran Senthil Kumaran	2378726	Co-Ordinator (CO)
Sudharshan Koti	2379751	Implementer (CW)
Shashank Kantamneni	2377475	Shaper (SH)
Raksha Rao Polsani	2377962	Teamwork (TW)
Divakar Remala	2377493	Resource Investigator (RI)
Venu Gunta	2363192	Teamwork (TW)

6. Individually complete and submit a peer review form – submitted separately via the Turnitin submission link on Canvas by **22nd March at 2 pm**. This will only be checked if issues within your group have been highlighted. Otherwise, the expectation is all students have contributed equally.

7. Provide a summary in the space below as to how the work will be divided between each group member.

The team members will follow Belbin's team roles as the base structure for workload distribution. On the higher level, the team will be divided into two main groups i.e. the core team which has the technical experience, and the support team. So the distribution will be 1 monitor + 4 core team members + 4 support team members. Each core team member will have a corresponding support team member, to distribute work and collaborate effectively.

Monitor		Joyston Micheal Souza	2379999
Core team		**Support Team**	
Student Name	**Student Number**	**Student Name**	**Student Number**
Krishna Jinde	2378152	Shashank Kantamneni	2377475
Abdul Mutaharr Siddiqui	2376910	Saran Senthil Kumaran	2378726
Sudharshan Koti	2379751	Raksha Rao Polsani	2377962
Divakar Remala	2377493	Venu Gunta	2363192

8. Provide a summary in the space below of how the group will communicate with each other.

Major communications will be done via mail and in-person meetings. For daily updates and communication, we have set up a group on WhatsApp. Other communication will be via virtual meetings on Microsoft Teams and Phone calls.

9. Provide a summary in the space below about how as a group your group will solve any disputes before bringing them to the module coordinator

Any dispute will be raised in the upcoming meeting and discussed. Team will put forward suggestions to resolve the dispute and vote for the same. If this does not resolve the same it will then be brought before the module coordinator.

10. All group members should sign to show their agreement
    a. If your group members change for any reason, please update your code of conduct.
